

Third six pupillage

Enterprise Chambers wishes to recruit a third six pupil, to be based in our London chambers, to commence in October 2021.

The third six is unfunded, but the successful applicant can expect a busy court practice as well as advisory and drafting work. We do not require a financial contribution to Chambers during those six months.

An application for tenancy can be made during or at the conclusion of the third six.

Enterprise Chambers is a leading set specialising in commercial Chancery, insolvency and property work with an emphasis on litigation, and is ranked highly in the directories for each of these areas, as are many of our members individually.

Please apply in strict confidence with a letter and cv by 28 July 2021 to: samuelhodge@enterprisechambers.com.
